REGULATION

1.NATURE OF THE EVENT. ASI- Automotoclub Storico Italiano is organising an event for historic motorcycles on **8, 9 and 10 May 2026** at the Riccardo Paletti Autodrome in Varano de' Melegari (PR). Motorcycles built before 2004 that have obtained a Certificate of Identity from ASI or FIVA and those in original condition and of historical and cultural significance, as deemed by the Examination Commission set up by the Organiser, will be eligible to participate. The event will include a static exhibition in the paddock of the Autodromo and a dynamic part, with a parade on the track for groups divided according to FIVA date categories and the construction characteristics of the vehicles.

2.RIDERS. Italian and foreign drivers with the appropriate driving licence for the vehicle registered are admitted to the event. To access the track, **the use of an approved helmet is mandatory for all categories, in accordance with current laws (bowl helmets are also prohibited). The use of approved leather clothing, including gloves and boots, is also mandatory (unless otherwise specified by the Autodrome Management for particular categories of motorcycles); for competition motorcycles and sidecars and for motorcycles manufactured from 1970 onwards (excluding scooters and mopeds), the use of a full leather suit (or alternatively a two-piece suit with zips) and an approved full-face helmet is mandatory**. Passengers are not permitted on individual motorcycles. In the case of sidecars, the passenger is considered a driver for all intents and purposes and must sign the relevant registration form and pay half the fee. **All riders are required to use only the motorcycles specified in their registration form and in the relevant indemnity form, and not to exchange or transfer them to another participant, under penalty of exclusion from the event. Any tampering with participation numbers will result in exclusion from the event.** The Circuit Management and the Event Coordinator, at their sole discretion, may at any time stop and/or remove from the track any riders who behave in a manner that is dangerous, detrimental to safety and the proper conduct of the Event. **Motorcycles found to have serious technical problems that could compromise the safety of participants (significant oil leaks, etc.) may be prevented from accessing the track.** Participants declare that they accept all the rules of use of the Circuit and undertake to behave in a manner that is always respectful of the rules of correct and careful driving, aimed at eliminating any danger to themselves and other participants, providing for this purpose the broadest personal indemnity to the Autodromo, the Organisers and the ASI Automotoclub Storico Italiano for any damage that they may cause to third parties.

3.AWARDS AND RANKINGS. The event is not competitive, therefore there will be no merit ranking. Each participant will receive a souvenir of the event.

4.INSPECTIONS. The inspection of personal documents and the verification of the correspondence of the registered motorcycles will take place at the Riccardo Paletti Autodrome in Varano de' Melegari (Parma) by the Organisers and ASI Commissioners, starting on Friday, 8 May 2026, at 8:30 a.m.

5.GENERAL PROVISIONS. **Access to the paddock area will be allowed only to motorcycles registered for the Event and to vehicles in possession of confirmation of space allocation to be shown at the entrance.** The Organising Committee reserves the right to make any changes to the Regulations that may be necessary for the success of the Event, taking care to notify participants. Access to the circuit will be allowed only to registered motorcycles, journalists and accredited photographers. Accreditation must be requested by 10 April 2026 from the Organisers (iscrizioniasimotoshow@asifed.it) and must be shown upon request by the Circuit Coordinator and Event Management. The event will take place even in the case of bad weather conditions and the Organisation may at any time suspend entry to the circuit if it considers such conditions dangerous for the safety of participants, without refunding the registration fee. **T IS STRICTLY FORBIDDEN TO PARK ANY TYPE OF VEHICLE OR VAN IN THE PADDOCK AREA IN FRONT OF THE PITS, UNDER PENALTY OF FORCED REMOVAL AND CHARGES.**

6.DISCLAIMER OF LIABILITY. For any damage to property or persons resulting from the organisation and running of the Event or from third parties, the participant, by virtue of their registration, explicitly waives any legal action and/or recourse against the Autodromo, the Organisers, ASI Automotoclub Storico Italiano, as well as its President or Legal Representatives.

7.ACCEPTANCE OF REGISTRATION AND MOTORCYCLES. The main purpose of the Event is to illustrate the history of the motorcycle in motion from its origins to 2004; therefore, if two motorcycles are registered, **the second motorcycle must be 10 or more years older than the first in order not to be included in the same group.** Acceptance of the registration of Motorcycle number 1 and/or Motorcycle number 2 is in any case related to broad assessment parameters, such as possession of the ASI (Targa Oro) or FIVA Certificate of Identity, availability of places in the groups, historical value of the vehicle, state of preservation, inclusion in specific themes, etc. **Acceptance of the registration of Motorcycle number 1 and/or Motorcycle number 2 remains subject to the unquestionable judgement of the Examination Commission.**

8.ACCEPTANCE OF THE REGULATIONS. These Regulations are to be considered an integral part of the General Regulations for the use of the facilities and track of the Riccardo Paletti Autodrome in Varano de' Melegari (Pr), which are displayed on the notice board and copies of which may be requested. **The member fully accepts both Regulations and must strictly comply with all the rules set out therein.** These Regulations may be subject to change due to unforeseen circumstances.
The undersigned declares that they have read the Regulations and accept them upon completion of registration.
